Volunteers

Welcome to another volunteer driven rally! Each team must send 1 chaperone, 2 volunteers (1 may be chaperone, but the chaperone will also be assigned a volunteer job)

The region has chosen to have a CHMJ at this Mock Rally for the purpose of educating our pony clubbers as well as our parents and volunteers. Please volunteer with us at this mock rally so that you can learn from the best!

Coaches** It is Pony Club policy that a coach be willing to assist any pony clubber that asks for help. This includes teams not bringing a coach with them. Please remind your coach of this policy. They must sign that agreement. Coaches are not required for dressage, but are encouraged. Please indicate if your team will be coming with or without a coach.

Circle any position you have experience with or desire to do. Thanks!

COVID GUIDELINES

1. **Competition Access**

- Require temperature and symptom monitoring for competition staff, volunteers, officials, and service providers at least once daily prior to entering the competition grounds. Remind participants that they must be self-monitoring temperatures and symptoms. Anyone with a temperature below 100.4° F (38° C) may enter the facility.
- Anyone who exhibits [COVID-19 symptoms](#) or has been in contact with someone who has tested positive for COVID-19 or exhibited COVID-19 symptoms within the last two weeks, may not enter the competition grounds.
- Require a face covering for all rally participants when within 6' of another person and not mounted.

***Participants with health issues that preclude them from wearing a face covering are exempt from the requirement, but are required to maintain a minimum 6' social distance at all times. **A competitor may choose to wear a face covering when mounted, and cannot be penalized for doing so while competing.*

Enforcement Authority

The rally organizer, rally organizing committee, and officials have the authority to remove from the facility any person who does not comply with the regulations and requirements in effect at the competition. Removal of a person from the competition grounds must be documented and reported to USPC in the Rally Organizer's Report.

1. **Social Distancing and Cleaning**

- Comply with social distancing requirements at all times while on the competition grounds.
- Wash hands often, provide and use hand sanitizer, gloves, masks, and other PPE (see Appendix I

Definitions) as recommended.

- Do not mix or share equipment any more than necessary (tack, grooming supplies, lead shanks, etc.) and sanitize shared equipment before and after each use.
- Regularly sanitize stall doors, bucket handles, light switches, etc., and equipment including tack, grooming, feeding, stall cleaning materials, etc.

- Use mounting blocks to avoid one-on-one contact.

Additional Considerations

- Participants should have their own adequate food and beverage supplies available for the duration of the competition.
- **The team chaperone** - for each team is responsible for overseeing social distancing compliance during rally competition. If the rally is an overnight rally, the team chaperone will be allowed in the barns during competition hours to oversee social distancing compliance, but may not be in the tack room, feed room or stalls. They may not act as a member of the team or perform any competitor related duties. *(They can take a folding chair and sit outside of tack or feed stalls, but must put the chair up out of the way when not in use)* For teams with members all above the age of 18, they will be responsible for reminding each other to maintain social distancing protocols
- **Required Equipment Checks** - During required equipment checks, both the competitors and horse management staff must wear face coverings and must wash/sanitize hands between each team. Per Article 89 of the Horse Management Handbook, perform abbreviated required equipment checks. Competitors are still expected to bring all items, but the list of checked items will be determined by the CHMJ and could be further reduced beyond the reduction as listed in HMH Article 89.
- **Horse Inspection (Jogs)** - In preparation for and during jogs, all volunteers, competitors and mounts must maintain social distancing requirements and must wear face coverings. If a mount needs to be examined by a veterinarian, they must properly sanitize before and after the contact with each mount. Scheduling should reflect the extra time needed due to social distancing requirements.
- **Turnout Inspection** - All parties must wear a face covering and maintain a 6' distance as much as possible. Scheduling of Turnouts should reflect the extra time needed due to social distancing requirements. The competitor may view their turnout sheet after it has been placed on a table or the ground and the horse management staff has backed away.
- **The team chaperone** or competitor's parent must attend with each competitor. After the initial presentation by the competitor, the team chaperone or parent will hold the mount. While the competitor follows the direction of the horse management staff to lift feet, raise saddle flaps, etc. for inspection. The horse management staff will not touch the member, mount or equipment during the inspection except for extreme safety circumstances.
- **Safety Checks** - All parties must wear a face covering and the horse management staff will maintain a at least 6' distance. The team chaperone or competitor's parent must attend with each competitor. After the initial presentation by the competitor, the team chaperone or parent will hold the mount. While the competitor follows the direction of the horse management staff to lift feet, raise saddle flaps, etc. for inspection. The horse management staff will not touch the

member, mount or equipment during the inspection except for extreme safety circumstances.

- **Turnbacks** - All parties must wear a face covering and the horse management staff will maintain a 6' distance. At turnbacks, either the team chaperone, parent or other rider will carry the tack, and the rider will bring the mount. The team chaperone, parent or other rider will hold the mount while the competitor follows the direction of the horse management staff to lift feet, run hands under the belly and girth area to show lack of sand and grit. The horse management staff will not touch the member, mount or equipment during the inspection except for extreme safety circumstances.
- **Bandage Checks** – If bandage checks are required, the competitor and horse management staff must both wear face coverings. Horse management staff may touch the bandage coverings. horse management staff must wash/sanitize hands between each mount's bandage check.
